

PRODUCTION OF MANHATTAN ON THE INCREASE

WAR EAGLE MILLS PRODUCES
ONE HUNDRED AND TWENTY-
FIVE THOUSAND DOLLARS.

Five thousand tons have been milled by the War Eagle plant since the first of January with a valuation of more than \$125,000. The properties contributing to this are as follows: Big Four Leasing Co., 1480 tons; Dexter Consolidated Leasing Co., 1000 tons; Little Gray and Union No. 5, 800 tons; White Caps Leasing Co., 300 tons; Bath Brothers' lease, 110 tons.

Smaller lots have brought the aggregate up to the amount stated. To this must be added the tonnage treated by the McNeil mill, the figures for which are not available at this time; also the sum realized by the shipment made by the White Caps to the reduction works at Millers, which was \$3182.40. The total of the production in the period of time mentioned will approach, if not exceed, \$150,000. While this is no particularly large amount it demonstrates that the camp is in a healthy condition and that the remainder of the year will show a substantial advance over these figures.—Manhattan Post.

TRAIL OF DEATH IN VIRGINIA STORM

HOUSES UNROOFED, TREES,
WIRES AND TELEPHONE
POLES ARE DOWN.

NEWPORT NEWS, Va., June 13.—Sweeping out of the south west with cyclonic velocity, a wind, rain, hail and electrical storm struck the lower end of the Virginia peninsula late yesterday and left a trail of death and ruin. Last night it was difficult to estimate the dead, for many small craft went down in the storm at various points along the James river and in Hampton roads. Conservative estimates placed the dead at not more than fifteen.

Some of the bodies have been recovered and nothing is known here of the identity of the missing persons, as most of them were fishermen from counties along the James.

Great havoc was wrought here, houses being unroofed and trees, wires and telegraph poles blown down. Half a dozen vessels moored at piers here broke away and nearly all were damaged.

At the yard of the Newport News Shipbuilding company the submarine "Seal" was struck by a large schooner and badly disabled, and the same schooner rammed a hole in the old Dominion liner Jamestown.

Rough estimates placed the property loss and damage at upwards of \$100,000.

So many live wires fell in the city that it was necessary to cut off all electric current on the entire peninsula, including Newport News, Hampton Roads and Phoebus was in total darkness last night.

RESIGNATIONS ASKED.

ALBANY, N. Y., June 14.—The state superintendent of prisoners has requested the resignation of Jesse D. Frost, warden of Sing Sing prison, and Frank D. Cole, warden of Clinton prison, following the report of a commission which investigated the management of the prisons and found alleged irregularities in the purchase of coal.

NO RUPTURE LIKELY.

WASHINGTON, June 14.—In the view of the state department there is no danger of the friendly relations of China and Mexico being disturbed as a result of the outrages against Chinese at Torreón. The confident opinion is expressed that China's attitude will be reasonable and that Mexico will be glad to do justice toward all proper claims.

FLORENCE SHAFT DOWN 800 FEET

STATION WILL BE CUT AND
SHAFT CONTINUED TO ONE
THOUSAND-FOOT LEVEL.

The Florence shaft at Goldfield has now reached a depth of 800 feet, and a station will be cut as quickly as possible. The ground through which the shaft has been going swells badly and progress has been much slower than it otherwise would have been, for the swelling ground has caused considerable trouble with the timbering in the shaft. Manager Willis Lawrence plans to sink to the 1000 level without unnecessary delay.

On the 650 level crosscutting is in progress in three directions. The south crosscut is about 200 feet from the shaft, the east about 150 and the west crosscut is also making good headway. All of these workings are now in quartz, but the values are low at present. Better results are anticipated when the work has advanced into the region of the downward projection of the ore shoots opened in the level above.

Stoping is being done south of the shaft on the 500 level; also in the Riley lease ground and on the main Florence vein of the 250 level, and on the 130 level, north of the shaft.

The mill continues its good work, handling about 165 tons a day and making a very high extraction.

Ground is being built by extending the dump at the south end of the engine room for the purpose of erecting a modern change room, which will be constructed in the near future.

"BOB" MONTGOMERY RETURNS FROM NATIONAL

E. A. ("Bob") Montgomery returned yesterday afternoon from National and will leave shortly for his home in Los Angeles. He expects to return in a short time to make an extended stay in National, where he has important mining interests. Mr. Montgomery is one of the most prominent mining men in the country and is a strong booster for National, which he says is a proved camp of wonderful richness and great promise for the future. Mr. Montgomery is the owner of the Indian Valley, which claim adjoins the property of the National Mines company. Two long tunnels are being run on the Indian valley to open up the ledges which are known to traverse the claim and with the expectations of encountering shoots of highgrade ore.

GREAT COTTON CROP.

WASHINGTON, June 14.—The cotton crop of 1910 was announced yesterday to be the most valuable ever produced in the United States. Estimated in the census bureau's annual bulletin the crop was valued at \$963,180,000, compared with \$812,000,000 for 1909.

FIRE DESTROYS MANY BUILDINGS

TEXAS TOWN VISITED BY DIS-
ASTROUS BLAZE—TWO ARE
SEVERELY INJURED.

WHITEWRIGHT, Texas, June 14.—Forty-three business houses and twenty-seven residences were destroyed and numerous other buildings damaged late yesterday afternoon by a fire which originated with the burning of a quantity of trash in the rear of a store.

The loss is estimated at \$200,000. Two persons were severely injured in the conflagration. The town of Denison sent aid and the fire was finally brought under control.

SHERIFF FERRELL GOES TO TEXAS FOR MURDERED

WINNEMUCA, June 14.—Sheriff C. P. Ferrell left Saturday night for El Paso to secure Peter Racevich, alias Frank Thompson, who was arrested by the El Paso officials at the request of the sheriff for the murder of a messenger boy in Reno about two years ago, says the Reno Journal.

Racevich was arrested several days ago and the sheriff was immediately notified of the fact. Saturday he applied to Governor T. L. Oddie for the necessary requisition papers, which were granted.

CHANGE OF ADDRESS.

Maddonald and Moran, civil engineers, wish to notify that they can be reached by addressing Box 514, Oakland, or Box, 855, Tonopah 6 10 tf.

HAD NO USE FOR STEP DAUGHTER

OHIO WOMAN CHARGED WITH
ADMINISTERING ARSENIC
TO YOUNG GIRL.

DELAWARE, O., June 13.—Mrs. I. Henkle, wife of a traveling salesman, is under arrest here on a charge of administering arsenic to her stepdaughter, Miss Merle Henkle, aged 20 years. The latter is now in a hospital recovering.

It is alleged Mrs. Henkle has been jealous of her stepdaughter ever since Mrs. Henkle, who was formerly Miss Jessie R. Way of Caldwell, O., was wedded to Mr. Henkle last fall.

INDICTMENTS STAND.

COLUMBUS, O., June 14.—Motion to quash indictments against state senators involved in the legislative bribery charges were overruled yesterday by Judge Kinkead. The first trial, that of Senator L. R. Andrews, of Lawrence county, and Sergeant-at-Arms R. J. Diegel, was set for next Monday.

LIGHTNING STRIKES NITRO-GLYCERINE PLANT

CLARION, Pa., June 14.—The nitro-glycerine factory and magazines of the S. Ellis Hall and Sons company, nine miles from this city, was struck by lightning yesterday afternoon. The explosion tore a hole 150 feet long and 30 feet deep in the ground.
